

**LOW PROFILE BRACKET**  
**MUSHROOM STYLE HOOK**  
**TRUE TWIN DESIGN**  
**FACIAL AND ENTRY LEAD-INS**

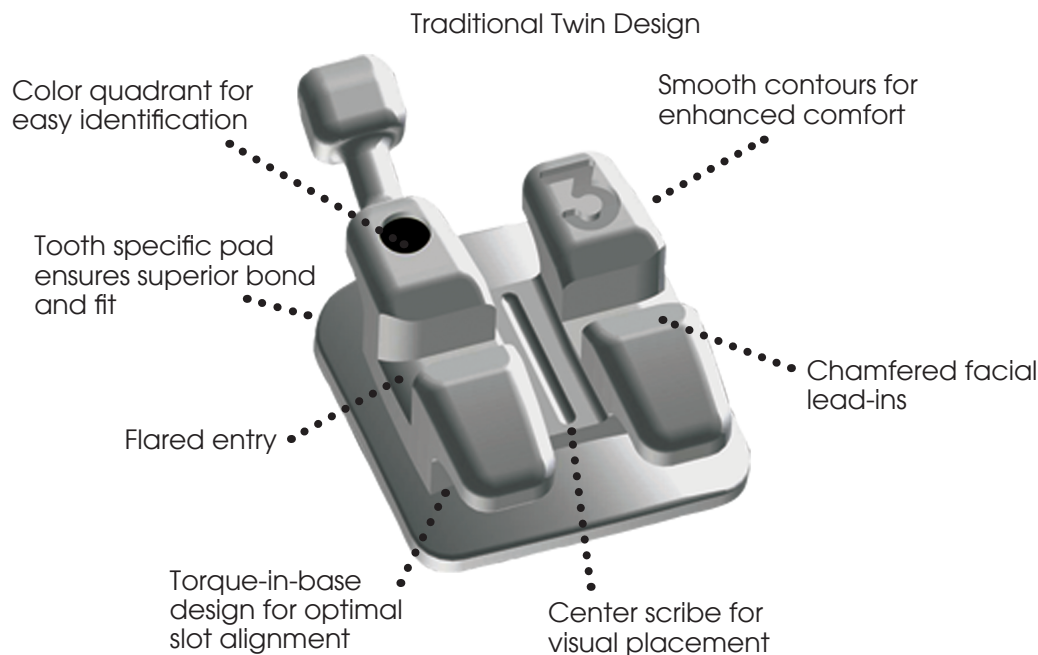

**FLI® TWIN BRACKETS**

## FLI® TWIN\*

RMO®'s FLI® Twin Brackets offer unwavering high quality in a true conventional bracket design. Smooth, rounded contours assure both gentle aesthetics and enhanced patient comfort. The FLI® Twin bracket system features a color quadrant identification system and tooth specific pads to improve bonding efficiency. New chamfered facial lead-ins and a flared entry support quick and easy wire changes.

### Flared Mesial-Distal Lead-Ins

Curved surfaces allow for lighter forces, enhance wire placement, and minimal binding

### Flared Lead-Ins

Makes wire changes quicker and easier

### Smooth, Comfortable Low-Profile Design

Aesthetically inspired with enhanced patient comfort  
Reduced occlusal interference

### Liberal Tie-Wing Clearance

Easy and secure ligation
